Date: October 20, 2025

To Whom It May Concern,

This is to certify that Mr. Muhammad Husnain was employed at MJSEO (Private) Limited as a Full Stack Web Developer from May 2022 to December 2024.

During his tenure, Mr. Husnain demonstrated exceptional skill in both frontend and backend development, contributing to numerous high-performing web solutions. His responsibilities included:

- Developing and maintaining dynamic websites using Laravel, PHP, MySQL, JavaScript, and React.js.
- Implementing RESTful APIs, OTP-based authentication, and payment gateway integrations.
- Conducting SEO optimization and performing Ahrefs website audits to improve client rankings.
- Building and automating data flows between websites and bots for enhanced efficiency.
- Managing multiple live websites and ensuring optimal uptime and performance.
- Leading and mentoring junior developers on various full-stack projects.

Mr. Husnain consistently delivered results with professionalism, dedication, and attention to detail. His ability to manage complex tasks and deliver scalable, secure, and optimized solutions made him an asset to our technical team.

We wish him continued success in his future professional endeavors.

Sincerely,

Jamshad Akmal Hashmi
